CLIENT \_\_\_\_\_ CLOSET LOCATION \_\_\_\_\_

A closet designer utilizes client-provided input to produce a storage space that is both practical and comfortable to use.

**THIS INPUT SHOULD INCLUDE:**

- Clothing inventory
- Closet door type - if sliding, measure from back wall to inside of door
- Baseboard size - height & thickness
- Anything else inside that may affect the design (ductwork, ceiling pitch, etc.)
- All dimensions below (inside measurement only)
